Education

Mathematics and Computer Science
Lancaster University
Graduation Date: 2026

- For my final year project I built a nonogram in Java

Experience

Bartender
The Sydney Arms
August 2022 - April 2023

- Worked hard behind the bar pouring pints
- Handled customers during busy and stressful shifts

Projects

Anki Flashcard Generator
A personal project in which I made software to process dual translation novels and create flashcards in anki from english to french (or another target language if desired) in order to improve comprehension of the language using genanki
